

Radiology and Surgery for study site public use dataset summary

Variable Number	Variable Name	Variable Type	Variable Length	Variable Label
1	SITE	Numeric	8	Masked Site identifier
2	CaseID	Character	7	Masked Case Identifier
3	ControlType	Character	4	case/control type
4	StudySubjectID	Character	7	StudySubjectID
5	Xrays	Character	1	Were cervical spine x-rays (plain films) performed?
6	XraysViewAP	Numeric	8	If yes, A/P view obtained
7	XraysViewLt	Numeric	8	If yes, lateral view obtained
8	XraysViewOM	Numeric	8	If yes, open-mouth - odontoid view obtained
9	XraysViewFE	Numeric	8	If yes, flexion/extension view obtained
10	XraysViewSW	Numeric	8	If yes, swimmers view obtained
11	XraysViewOt	Numeric	8	If yes, other view obtained
12	CTPerformed	Character	1	Was a cervical spine CT performed?
13	MRIPerformed	Character	1	Was cervical spine MRI performed?
14	WrittenOrDictatedConsult	Character	1	Was a spine surgeon consult available in written or dictated form?
15	OperativeReport	Character	1	Was a spine surgery operative report available?

Radiology and Surgery for study site public use dataset summary

The FREQ Procedure

Were cervical spine x-rays (plain films) performed?		
Xrays	Frequency	Percent
N	311	9.38
Y	3003	90.62

If yes, A/P view obtained		
XraysViewAP	Frequency	Percent
0	879	26.52
1	2435	73.48

If yes, lateral view obtained		
XraysViewLt	Frequency	Percent
0	575	17.35
1	2739	82.65

If yes, open-mouth - odontoid view obtained		
XraysViewOM	Frequency	Percent
0	1702	51.36
1	1612	48.64

If yes, flexion/extension view obtained		
XraysViewFE	Frequency	Percent
0	2829	85.37
1	485	14.63

If yes, swimmers view obtained		
XraysViewSW	Frequency	Percent
0	2988	90.16
1	326	9.84

Radiology and Surgery for study site public use dataset summary

The FREQ Procedure

If yes, other view obtained		
XraysViewOt	Frequency	Percent
0	2918	88.05
1	396	11.95

Was a cervical spine CT performed?		
CTPerformed	Frequency	Percent
N	2167	65.39
Y	1147	34.61

Was cervical spine MRI performed?		
MRIPerformed	Frequency	Percent
N	2910	87.81
Y	404	12.19

Was a spine surgeon consult available in written or dictated form?		
WrittenOrDictatedConsult	Frequency	Percent
N	2433	73.42
Y	881	26.58

Was a spine surgery operative report available?		
OperativeReport	Frequency	Percent
N	3153	95.14
Y	161	4.86
